I thought Mark Manfredi sent it to both of our agencies. It is attached. I will also be posting it to our Red Hill website, where you can also find the revised Section 6 & 7 scope of work.

Bob,

Right now those times are open. Could we get a copy of the WP addendum before then?

Thanks,
Bob W.

DOH folks,

I asked Ron Chinn at Innovex to review the Navy's Monitoring Well Installation Plan addendum, which addresses the installation of two replacement wells for OWDF01 and RHMW01. I would like him to present his review findings to us in a conference call next week. Are you available on Wednesday January 18 for a call? I am available from 10:00 am – 2:00 pm HST. I will send out an invitation and call in number if this date works for you.

Thanks.

Bob
